**Are there any outside practices other than what's listed on the application?** Yes there will be one or two after school rehearsals for elementary. Middle and High are always after school.

**According to the brief summary you sent home it's says you'll be practicing and recording next month...for what?** Nationals requires sending in a CD. I having had 13 students accepted last year I know what they are looking for in an honors choir member so we will be creating the best audition possible according to their rubric. Preparing them and giving them ample time to record in a stress free environment hopefully will yield the most amount of acceptances.

**When will the Nationals take place ?**

March 18-21, 2015 Minneapolis, Minnesota
